

## **Comments – Transition to Collective Impact**

### **United Way Board Meeting**

**Thursday, October 11, 2018**

#### **What makes you uneasy about this transition?**

- Lack of control with certain influential factors
- How many factors can we not control?
- Donors: Does it affect allocation?
- Public push back from partner agencies
- Issues falling through the cracks because of bold goals
- Lack of public support because no instant gratification
- Can we assume agencies will cooperate?
- Data heavy approach: how do we collect, interpret, & share?

#### **What do you perceive to be positive about this transition?**

- Moving to long term focus
- Overall measurable impact
- Results to show the public that are working
- Subjective to objective
- Broadens how we touch community with \$\$
- Movement to become one community

#### **What other information do you need to make a decision?**

- Proven results that it's working
- Lessons from other UW's
- How agencies have responded?
- What resources do we have to replace a major partner?
- How will data be obtained and shared?
