UNITED WAY

recruits people and organizations who bring the passion, expertise, and resources needed to get things done.

United Way works to identify issues, develop partnerships, implement solutions and measure results to meet the most critical needs in the community by bringing together the nonprofit, government, education, health, corporate and faith-based sectors.

Mission: The United Way of Rutherford and Cannon Counties improves lives by advancing opportunities for education, health and financial stability for all.

Vision: To be the primary community solutions leader for human services.
A message from 2014 Board Chair, Phil Holt

I want to thank everyone who has supported the community through United Way this past year. That support is shown in three ways: giving, volunteering and advocacy. The three together mean that the actual impact of services on our community is so much more than our resource development efforts. Because of that, we are able to deliver $11 of value in impact for every dollar we spend on administrative costs.

I also want you to know that our United Way continues to seek better ways to invest your dollars and utilize your support to streamline our operations, to improve on our accountability for results, to better inform our partners of the achievements being made and to communicate the needs in our community. We are deeply committed to earning your confidence in all these areas.

Most importantly to me is the fact that almost all of us at some time in our lives will be touched by United Way, some more profoundly than others. No one person can do what United Way does and every person over time will benefit from its mission. So, this is a collective and voluntary effort where providers and receivers are all the same. We are all united.

Thank you,

Phil Holt
Community President

Making an Impact

BECAUSE OF UNITED WAY

731 students increased engagement in school and learning; improved academic success; had a positive attitude toward learning; and showed on-time grade progression and GPA/grade.

89% of students enrolled in the Tutoring and Homework Help Program achieved basic, proficient, or advanced levels in Reading.

277 participants of the Life Recovery Program achieved permanent residence.

82% of formerly homeless individuals participating in the PATH program were able to secure affordable housing.

3,085 uninsured patients received medical care that they would have not received otherwise.

$385,377 was saved from July 1, 2013 to June 30, 2014 through the use of FamilyWize prescription.
The United Way Tocqueville Society, initiated in March 1984, is designed to deepen the understanding, commitment and support of individuals to United Way and to recognize their commitment to service.

Membership in the Society is granted to individuals who contribute at least $10,000 annually to the United Way which includes most major United Ways. Thank you to all of these individuals who have made such a large impact on Rutherford and Cannon Counties.

Billy is a United Way investor, advocate and volunteer living in Murfreesboro. When Billy was a teenager, he ran away from home. Because of the conditions of his home life, Child Protective Services told him that he did not have to return.

After bouncing through the foster care system, Billy landed in a group home that was supported by United Way. The program gave Billy a chance to finish high school, go to college and begin his career.

Billy is now successful at his job and spends countless hours advocating for the work of United Way.
