United Way of South
Central Tennessee

A Letter from Leadership

Dear friend of United Way,

We are pleased to share our 2023-2024 annual report with you. For the past 68 years, your local United Way has played a significant role in our community, positively influencing the lives of hundreds of thousands of our friends, neighbors, and co-workers. And we couldn't have done it without you.

At United Way, we believe that complex problems do not have simple solutions. The complex issues that are facing our community are often interconnected. Housing instability has many root causes, substance abuse cannot be attributed to just one thing, and access to early childhood education affects families on many levels. That's why our United Way is focused on collaborative efforts that aim to dissolve problems, not just hold them in place.

By being a supporter of United Way, not only have you given individuals and families hope for a brighter future, but you've also supported systems work that goes beyond helping just one person or family and has positive effects for whole communities.

Your continued support is not just appreciated; it's essential. The challenges we face are ongoing, and we are committed to being catalyst for positive change. Your United Way is a convener, a collaborator, a funder, and a partner.

As we move forward, we invite you to stay engaged with United Way. Your voice and passion are invaluable as we shape the future of our community. Together, we are creating a brighter, more equitable future for all. Your belief in the power of collaboration inspires us every day, and we look forward to achieving even greater milestones with your support.

With gratitude,

Kristen Swann
President and CEO
United Way of South Central Tennessee

Casey Rainey
2024-2025 Board Chair
United Way of South Central Tennessee

Who We Are

United Way of South Central Tennessee is fighting for a community where every person- no matter their background, their abilities, or their zip code- has an equal chance at a bright future. We are the hand raisers, the game changers. We are the problem solvers for those issues facing our community that are difficult to face and too hard to ignore. No matter the obstacle, we are committed to helping every person in **Bedford, Cannon, Lincoln, and Rutherford** counties thrive.

We know that complex problems don't have simple solutions. We partner with corporations, agencies, volunteers, donors, government entities, advocates, and citizens to make a lasting impact for our generation and the generations that follow. We work toward measurable, lasting change in the areas of early childhood education, financial stability, mental health and substance abuse, and healthy behaviors in the communities we serve.
